Description

Respecting Choices® Core/First Steps® and Advanced Steps® Advance Care Planning (ACP) Facilitator Certification focuses on the skills needed to facilitate foundational advance care planning discussions with any adult and assisting those with serious illness or frailty in making treatment decisions based on their goals of care. Through small groups, role-playing with group debriefing, storytelling, and self-reflection, participants will hone their interview skills when meeting with the individual or with the individual and agent. Initiation and completion of North Carolina's Medical Orders for Scope of Treatment (MOST form) and Do Not Resuscitate (DNR Form) will be addressed.

The purpose of this course is to assist participants in learning effective communication skills and techniques for facilitating person-centered conversations.

Who Should Attend?

The program is for anyone who has an interest in promoting Advance Care Planning or End-Of-Life Care in the inpatient, outpatient and community settings.

Past Participant Comments

- *“This class provided the opportunity to discuss a difficult topic in an environment that allowed expansion coupled with probing questions.”*
- *“I have more confidence to ask the right questions when talking to patients about advanced care.”*
- *“Working in end of life care, the need for society to know more about advance directives is apparent, and this class will enable me to be more proactive in discussing the topic and doing it more easily.”*
- *“The instructors were knowledgeable in the course content. It was presented in an easily understood way and I felt comfortable asking questions. I enjoyed the role playing and that is something I’m not comfortable doing most of the time. Also, the instructors had a sense of humor which always lightens the atmosphere. To sum it up, I enjoyed this class better than any class I’ve ever taken!”*
